BY ULTIBEND

**NEW**

## Ultiform by Ultibend

Ultiform is our new value product range. Manufactured specifically for your non-food grade build requirements with Ultibend's proven quality, consistency and reliability.

We now have a fit for purpose product for your non-food grade builds:

- architecture
- automotive
- conduit
- jacketing

With our innovative manufacturing process Ultiform is setting a new standard of quality in non-food grade stainless steel fittings.

Ultiform – simply easy, simply better – an Ultibend quality product that offers unbeatable value.

And best of all, our product guarantee applies to all Ultiform products as well.

**“Worried about holding an extra stock line?”**

No need for concern, we are holding stock of the Ultiform range.

**Ultibend Guarantee**

If an Ultibend fitting does not meet your fair expectations for dimensional accuracy, we will replace it free of charge.
